

## POÁS VOLCANO NATIONAL PARK & DOKA ESTATE COFFEE TOUR

Poás Volcano is the most visited park in the Costa Rican National Park system. The massive active crater often has sulfuric smoke rising out of the boiling, muddy lake on its bottom, while the beautiful crater lagoon is surrounded by lush cloud forest, with species of birds and plants native to the volcano.

Continue with the cultural experience of the coffee tour which main objective is to educate and inform the population with regard to the whole production process as well as the processing of coffee. During the tour you can learn about the production, the harvesting, the processing plant and the roasting of the bean. This experience includes a visit to Doka butterflies garden and sugar cane mill.

**What to bring:** Comfortable shoes & clothing, light jacket, hat or cap, sun block, umbrella, rain coat, binoculars & camera. **Length of tour:** Full day. **Inclusions:** A/C transportation, entrance fee to Poás Volcano, coffee tour and attractions, lunch & guide.
